

School Bags

For children in Playtime for Twos and Three-year-old classes.
Pre-kindergartners are encouraged to use a backpack.

A school bag will be an important part of your child's preschool experience. One goal of our preschool program is to foster responsibility and independence in your child. The routine of taking papers home in a school bag is one of the many ways we work toward that goal. Between now and the start of school, you will be selecting a school bag for your child. Many of the bags and backpacks on the market today are not big enough to hold the larger paper we often use. The blue PNS tote bag is just the thing! It is open at the top, easily accommodates all of your child's papers and is just the right size for our cubbies. Order now and your child's bag will be personalized and ready to deliver on the first day of school!

Complete the form below, detach and return to PNS with \$10 to order a bag for your child.

Yes! I'd like to order a PNS Tote Bag!

PNS offers a durable machine washable navy blue tote bag that easily accommodates all of your child's artwork and papers. It is stenciled with the school's logo and your child's name for \$10.

Child's name _____

Class _____

Name as you want it to appear on the bag (no last names, please) _____
